SCHOOL PROGRAMS/DISCUSSION:

School Safety was explained to be principles that strengthen safe and wholesome learning environments. Millcreek High School has an emergency plan, all faculty members are required to do safe schools training, and SafeUT. In October we had our Red Ribbon Day which included an assembly with speaker Ryan Stream and rotating activities.

College Week included a classroom door decorating contest and local colleges came to help enroll senior students and get them excited about attending college. Millcreek also provides night school which helps improve our post graduate enrollment of students.

ADDITIONAL ITEMS:

Our annual Thanksgiving Luncheon will be held on November 26th at the Hilton Garden Inn. The students like to dress up for this and really seem to enjoy this event. Each student will also receive a Millcreek Sweatshirt provided by the Lady Elks Club.
